BPW AGRAR TOOLBOX

NEW!

MORE

ONE CASE. THREE AXLE FAMILIES.

Professional Tool Case for BPW Agrar Axles

Developed in collaboration between BPW Agrar and HAZET, the new tool case is specifically designed for selected assembly and service tasks involving the BPW GS11000, GS12000 and GS14000 agricultural axle families. Combining BPW Agrar's application expertise with HAZET's professional tool quality, the set brings together six specialized tools in one practical, well-organized case.

AXLE WORK MADE EASY:
More compact, better designed, more practical for everyday use: Every tool is designed for optimum ease of maintenance, so that every movement is precise in day-to-day workshop work.

Designed Specifically for BPW Agrar
Purpose-built tools tailored to the requirements of selected BPW axles and service operations.

One Case for Three Axle Families
A single tool set supporting relevant assembly and service tasks across the GS11000, GS12000 and GS14000 axle families.

Professional Quality by HAZET
High-quality, application-specific tools developed for professional use.

Practical and Well-Organized Solution
Six specialized tools in one compact, portable case – neatly organized and always within reach.
